

## Werkzeug-/Lagerliste Edelstahl-Rohrbogen

**... für Rohrpostanlagen**

- Rohrbogen in Wst. Nr. 1.4301 / 1.4307 oder 1.4404
- Biegewinkel: Lagerware 90° und 45°
- Schweißnaht geglättet bzw. geschabt DIN 11 850
- absolut faltenfrei, keine Anfahrwulste
- kratzer- und riefenfrei
- optisch ansprechende Oberfläche
- beidseitig mit Schenkelverlängerung

Rohraussendurchmesser in mm	Durchmesser in mm	Radius in mm								neu 1200	neu 1500
